Run for Hope 2008, the annual family run, will take place this year

- 2 routes – 4km (flag-off at 8am) & 10km (flag-off at 7.45am)

In its 16th year, the Run is organized by The Four Seasons Hotel Singapore and The Regent Singapore in conjunction with National Cancer Centre Singapore (NCCS) to raise funds for cancer research in Singapore.

The National Cancer Centre Singapore is a national centre directed at the prevention and treatment of cancer. The centre and its nexus of hospitals treat about 70 per cent of cancer patients in the public sector. Physically and operationally designed to provide integrated and holistic patient-centred clinical services, it allows multi-disciplinary care by oncologists of different medical, radiation and surgical oncology specialities. NCCS also conducts clinical and basic research and develops public cancer education programmes wholly directed at the prevention and treatment of cancer.

The Run is open to everyone, individuals and families alike, who are interested in running (or walking!) for a good cause. It will offer two routes - 4km for enthusiasts and the 10km for serious runners, both with separate flag-off times, 7:45 & 8.00am. Following The Run, participants can wind down to music and refreshments as well as an exciting Raffle Draw on the beach with attractive prizes!

Registration for the Run is at \$35 for adults, \$18 for school-going children (aged 7 and above) and full-time students. An ASICS Run for Hope tee-shirt (while stocks last), a \$10 discount voucher from ASICS and a raffle draw ticket (only adults) will be provided to every participant who signs up. Registrants will also be entitled to 20% discount off their purchases at ASICS stores upon presentation of their registration receipts. Valid for a one-time purchase till 5 October 2008.
